Den, this sounds like Ex. 5 - Personal Privacy who I visited last night. He had health questions and I asked Bob to call. I knew what Bob was going to tell him, consistent with the AROA. Rich.

Subject: ATSDR Call from Dimock Resident

ATSDR reported this afternoon that they received a call from one of the residents visited by the EPA team who asked if he should drink his water (he specifically asked if he could make coffee with it). ATSDR advised him that based upon a preliminary evaluation of data, they would suggest he find alternate water.
